MANCINO IN-GROUND PIT KITS

If you are looking for cost effective alternatives to "drop-in" vinyl covered pit modules we can help develop your custom solution. All Pit Kit Designs start with Mancino Pit Edge Padding. We custom fabricate your inside and outside corners and can accommodate your in-ground tumbling trampolines. Use our 1" Nailing Margin for attaching or let us help you design the best attaching method for your gym. Please call our Sales Office for your price quotation.

MANCINO LEVEL 4 VAULT SYSTEM

Our three-piece system consists of one 32" x 5' x 10' lattice-style pit and two each 8" x 5' x 10' Landing Mats to provide the required 32", 40" and 48" height landing surfaces. Each top surface is screen printed with the required 32" stripe. Our "side strap attaching system" allows for safe and solid top stacking. All pieces are covered in premium 18oz vinyl with full "Breather Mesh" sides to allow for maximum air expulsion. We've chosen a slightly softer prime polyurethane foam filler for a more comfortable "flat back fall". Use these versatile pieces separately throughout your gym! Available as a three mat system or sold individually. Royal Blue only.
